

!!! Attention Fellow Trail Users !!!

The Hi-Landers 4WD Club could use your help for the Barrett Lake Outhouse Project!

We need to raise approximately \$15,000 for the cost of materials to build two side by side Outhouse buildings and a pumper trailer.

The current Outhouse situation at Barrett Lake Campground just stinks! It is insufficient for the amount of visitors during the open season. We do not want to lose access to our beloved trail due to white flowers and human waste. The solution, with permission from the Forest Service, is for the Hi-Landers 4WD Club to build the Outhouses and a pumper trailer which will help mitigate the sanitation problem at Barrett Lake. At least until a more permanent solution can be implemented by the Forest Service, which could take several more years.

Please consider donating today so that everyone, now and in the future, can enjoy the Barrett Lake Trail for years to come.

Please make your checks payable to: The Hi-Landers 4WD Club and write "Barrett Lake Outhouse Project" or "BLOP" in the memo line. You can give your check to any Hi-Lander member, or Mail to: Hi-Landers 4WDC, PO Box 291, Citrus Heights, CA 95611-0291. For any questions or more information, please contact Diane Hawks 650-465-3098 or rubiconjeep@yahoo.com.

We thank you in advance for your donations and support!
